BARBOURVILLE, KY., FRIDAY, JUNE 4, 1920

ONE DOLLAR AND FIFTY CENTS A YEAR IN ADVANCE

THIRTEEN STREETS

TO BE PAVED

Favorable comment has frequently been made on our paved streets and the present City Council, noting the improvement which has taken place thru the paving done by the old Council has ordered the paving of some thirteen more streets, which will put Barbourville in the front rank among cities of its size in the matter of paved streets.

Contractor Condon, who gave such satisfaction in the first paving, is fortunately in charge of the work, a guarantee that the city will get what it is paying for. Engineer Murphy has worked hard that the paving might be expedited. Work will probably be done on Pine and Depot Streets first.

No bids have yet been received for the 2-4 of a mile that connects the corporation line with the pike across the river which is a weak link in the chain and prevents full use of the pike being enjoyed. It is understood that Contractor Condon is afraid to move his machinery across the bridge for fear of damage. If this cannot be done then why not put in heavy macadam road in place of the bitullic paving? This weak link should be eradicated before another winter.

HICKORY MILL CHIPS

T. W. Minton & Co. have just completed a bath house for the Hickory boys, this being equipped with a battery of showers, with hot and cold water at all times. The boys will greatly enjoy these "showers" this summer.

T. W. Minton, with his niece, Miss Ellen Carr, left for Chicago Saturday night. Miss Carr will go on thru to her home in Great Falls, Montana, while "T. W." will go to Carlinville, Ill., and then home. The Hickory Mill boys don't expect him home soon for they think he will take in the Chicago convention before returning and may be nominated as President.

Mr. Clarence L. Banks is in Louisville on business.

R. B. Minton has returned from a business trip to Virginia.

Roy DeLong is planning on building a bungalow this summer. Roy is one of our progressive young men and we like to see this home building habit grow.

E. N. Matthews, the famous "sawyer" of the Hickory Plant, has recently moved to the Hopper residence on the Avenue.

Oscar Jackson and Jonah Martin are putting the Duplex truck thru its paces by hauling three and four loads of Hickory logs per day from the foot of Gilliam hill to town. They are both experts in handling this truck.

Monk, the Hickory Mill Mascot, is celebrating "Old Hickory's" base ball success by wearing a large and decorative bell, which she rings at the proper time. In Corbin recently she created a small size riot by entering one of the restaurants with the bell and she had the right of way. Monk is the large, English bull-dog that rides on Miss Nola's car.

PENSIONS — PENSIONS

To all soldiers, who, served 90 days or more in the Military or Naval Service of the United States during the war with Spain, the Philippine Insurrection, and the China Relief Expedition, between April 21st, 1898, to July 4th, 1902, and who have been honorably discharged therefrom, can now draw a pension, without proving that he contracted his disabilities in the service and in line of duty. The rate of Pension will be from \$12 per month to \$30 per month for any disabilities soldier has not caused by his own vicious habits.

Now all soldiers who want me to file their claim, please mail me your discharges at once and I will make your applications out and file them at once. I charge no fee until the pension is granted. Please let me hear from you. If you have no discharge, mail me the name of your Company and Regiment.

Very Respectfully Yours,
W. O. B. Lipps, Pension Attorney
Manchester, Kentucky.

DIXIE HIGHWAY

BRING DITCHED

V. D. Jackson is ditching the road that has been designated as the Dixie Highway. After this work is done the road will be graded. The new road law comes into effect June 17 and it is hoped that active work will be commenced on the Dixie Highway. Mr. Jackson says the road is in good condition to travel.

BAND FOR BARBOURVILLE

A movement is on foot for a band for Barbourville and also for the erection of a band stand in the Court House Square.

The band will be under the leadership and direction of Prof. A. T. Simms who is a first class musician. All who can play an instrument should get in touch with Prof. Simms and let us have some good music. We have the talent and the instruments. Why not use them?

CUT THE HIGH PRICE OF LIVING

For June only, Hickory stove wood will be sold at our mill for fifty cents per load. Get in your supply of wood now and have it dry for next winter.

TEACHERS CERTIFICATES

County Superintendent E. B. Hemphill is back from Frankfort where he went on school business. While there he learned from the superintendent of Public Instruction that certificates will not be issued until about the June examination, but he had instructions for applicants who took May examinations to be employed by the Division Board of Education, conditioned on the fact whether they passed the examination or not. Owing to press of business it has not yet been possible to pass on the examination papers. The first hiring of teachers will be June 5th. Superintendent Hemphill visited at Richmond and other points.

AMERICAN LEGION

AND M. W. OF A.

Arranging Grand Combined Picnic

And you will sure want to be there. It will be a humdinger of a picnic. Both these organizations are alive and know how to stage things. Should you miss this ALL COUNTY picnic you will hate yourself the rest of the year.

There will be boxing matches of pep, the noble mule will run his legs off, two big baseball games, a well greased pig will become the property of him who is able to grasp a chance, there will be sack races, a terrible pie eating contest, oratory of the best and many other attractions.

Can you beat it for a day's fun and hilarity?

Date July 3rd, which is a Saturday. At the Fair Grounds.

TALKING GOOD ROADS

Noah Smith, of Elys, was here on Monday and Tuesday meeting with Knox County Fiscal Court in an endeavor to get the road between Flat Lick and Barbourville overhauled as after a rain it is very hard sledding to get thru.

Mr. Smith says the road from Flat Lick depot to the Bell County line by the way of Elys has recently been overhauled and is first class condition. The road from Flat Lick depot to the Fighting Creek grade is in need of some work at once and this can be done very reasonably and will last until wet weather sets in.

Mr. Smith says the spirit of Barbourville merchants and citizens is sadly at fault in not trying to get together and further the cause of good roads. The lack of getting together is keeping away investors in our lands and property. The fact we have such abominable road conditions will drive away any live and progressive man who might wish to invest.

Where is the Automobile Club buried? It should be active or have a memorial service held over it.

YOUNG PEOPLE

COMMIT MATRIMONY

Then Surprise Friends

Reese Golden, son of F. W. Golden, looks as tho he never could deceive anybody and demure little Miss Flora Howard, daughter of Mr. A. W. Howard of Artemus, who has been a student at Union College for some years, would never be guilty of calling herself by her maiden name when she was Mrs. Reese Golden. But that is just what occurred. The little god, Cupid, shot his arrow into the hearts of these young people, and last October they went to Cumberland Gap, that historic spot where so many marriages have been consummated without the knowledge of friends and family, and there they became man and wife. Miss Flora finished her College year graduating from the Academy, before making the facts known, and now they are living with Mr. F. W. Golden as happy as can be.

Their friends took the announcement so seriously that they unearthed every substitute for a tom-tom Monday night and beat them until they made the night hideous with music (?)

Their many friends will wish the happy young couple every joy that life accords.

MORE MONEY FROM CHICKENS

With the present high prices of poultry products and the prospect of their being higher than was ever before known this coming winter, the farm poultry care should have the best possible care in order to reap the benefits of these high prices.

The Poultry Department of the College of Agriculture has found that there are certain rules by which the farmer can cull out the unprofitable hens and dispose of them, thereby saving feed and allowing him to keep more of the productive ones. A circular has just been issued entitled "Cull the Early Moulter" showing the farmers how they can go over their flocks and pick out the hens that are not laying as many eggs as they should.

Mrs. Fannie Sampson entertained with a dinner in honor of Miss A. E. Weeks on Tuesday evening. Those at the table were Miss Weeks, Miss Nellie Jones, Miss Dowis Sampson, Mr. and Mrs. Fred Burman and the hostess, Mrs. Sampson.

MEMORIAL DAY CELEBRATION

One of the most impressive Memorial Days ever held in Barbourville, was that held in the Methodist Church on Sunday and at the City Cemetery in the afternoon when the graves of those who had served their country were decorated by the American Legion as well as by their relatives.

Dr. E. T. Franklin delivered a magnificent address, full of fire and feeling. He likened earthly to the spiritual wars constantly being fought saying that Christianity has a militaristic tread and that Almighty God uses war as a means of advancing the cause of righteousness, justice and humanity. War was necessary in our day and generation and out of it sprang a splendid spirit of sacrifice which has taught us that we are brothers to the whole world.

The speaker said that the only force that will bring a cessation of war is a spiritual force and until men and nations learn to live closer to God, war will occur. He also said that war had saved more lives than were lost by accentuating health cleanliness, moral impulses and moral cleanliness.

He urged that as the men who had fought thru the 60's had lived under high ideals, that those who now held the defense of the nation in their hands should carry on in the same way.

Dr. Franklin said: "America is the country chosen by God to carry out His great purposes in the enlightenment and purification of the world."

After paying a tribute to the American dead, he said the American Legion is one of the most potent factors in the life of the coming generations.

Rev. S. F. Kelly, in handling over the G. A. R. flag was visibly affected with emotion, as were the few old heroes who helped to save the union in the 60's. There are but few of those living and as Rev. Kelly said 'it is time for the old gray heads to lay down their responsibilities. They can no longer quick step to the life and drum, tho no braver men fought than those on both sides in the Civil War.'

The speaker asked that in the future they might be permitted to stand alongside of the men of the Legion and drop a tear or a flower on graves of their honored dead.

Dr. Leslie Logan, in accepting the flag, said that as the flag had been loved, honored and kept pure by the old veterans, so the Legion would love it, honor it, keep it pure and that never should it be trailed in the dust before an enemy at home or abroad. "May God bless you."

Before the close of the service Mrs. A. H. Davis very sympathetically rendered, "Tenting on the Old Camp Ground."

Members of the Legion before retiring passed to the front and shook hands with the old veterans.

In the afternoon, after the singing of a hymn, Rev. R. L. Creal spoke of the price in tears and sorrows that we have paid for peace. He paid tribute to the silent dead who lay in the cemetery, whether they served by Shilo's waters, on the hills of Gettysburg or marched to victory at Appomatox and whether they wore the blue or the grey. Others served in Mexico, against the Indians, in the Spanish American war and these, with those who sleep beneath the poppies of Flandera or elsewhere in the France they went to save and all fought for righteousness and justice on earth.

After roll call of the old veterans by R. N. Jarvis, the Legion decorated the graves of those who lie asleep in the cemetery.

A mammoth whale, said to be 230 years old and weighing 31,000 lbs., was washed ashore at Pablo Beach, Florida, recently. E. C. Wallace obtained possession of the whale skeleton and mounted it on an Indiana truck and is now exhibiting it in the southern part of the country.

The whale was 49 feet long. The jaw bones are 12 feet long, and the capacity of its mouth was about 20 bushels. The skeleton weighs over two tons. To insure easy riding for this unique exhibit, the truck was equipped with Goodyear tires.

Prof. and Mrs. H. C. Mills, who taught at Artemus last year, will teach at Kettle Island the coming school year.

FARMERS VISIT

EXPERIMENT STATION

Last Saturday 77 farmers from Madison County spent the day on the Experiment Station farm. This represents the first delegation of farmers to visit the Station this season and seems to be a good indication that large groups of farmers from many counties in the State will plan to travel to the Experiment Station this summer to see results of experimental work along the lines of agriculture. One of the Madison County farmers said, "I have learned sufficient to make the trip worth \$100 to me." A pretty good price for a day's work.

OLD HICKORY TAKES THREE

Allows Only 6 Runs in 27 Innings

The "Old Hickory" cyclone that hit Corbin last week 10 to 3 and caused the little village of hard losers to re-organize its forces, swept over Dryden, Va. at Barbourville, last Saturday and only two of Dryden's men lived to reach home, while "Old Hickory" had 13 men to cross the plate. Dryden had some clever players with plenty of pep at the start, but "Old Hickory" sniffed it out early in the game, with Ram Decker and Horace Barker the "Old Hickory" battery. Final score, Dryden 2, Old Hickory 13.

The last report of damage done by the "Old Hickory" cyclone was to the J. B. Magnet team at the Fair Grounds on Decoration Day. William's snakes were charmed and sent down Broadway with Eav Goodlin trying to flirt with the fast ones, but in vain. Kay Tye and Barker worked their heads as the Old Hickory battery and were given perfect support at all times. Howard made a wonderful catch at third, which the fans appreciated. Final score, Magnet 1; Old Hickory, 3.

Every one should turn out and boost for the Old Hickory home team for the boys are playing good, clean ball, and are deserving of the hearty support of the home folks. Base ball costs money and the team is trying hard to pay expenses, but so far have not been able to do so. They need and deserve your support in every way. The ladies should come out also for the boys can play better ball with the support of their lady friends. Old Hickory expects to play Pineville Saturday, June 5th, and would appreciate a few loyal boosters to keep up their spirits. They are scheduled for a game at Harlan June 6th, and expect to win both games.

OIL NEWS

Work is going on on Stinking Creek where the Producers are trying to get the pipe which was blown out during the shooting back into place.

A well is to be drilled on the Geo. Bradford place at Jarvis Store by some Bradford, Pa., people. Machinery is on the way.

Contractor Bernheim is putting down a well on the J. R. Miller farm just west of Cannon station. Ion Carroll, who is back from Bowling Green and is returning there this week, says there are about 300 machines drilling in that section and the average production is fifty barrels. In Simpson and Logan Counties an active drilling campaign is being carried on and there is lots of excitement.

Drilling is going on at the Parrott farm on Parrott's Branch just above Baileys Switch and a well is expected in this week. No well has ever been sunk in this immediate vicinity.

SENATOR MOSS

SPEAKS ON ROADS

Senator W. L. Moss is known by his works to be a good road crank and on Monday he addressed the Federal Court and other citizens on the subject of Inter-County Roads in Kentucky.

The outstanding features of his talk were as follows:

That by lending what money is on hand or owed by the State to Knox County it is probable that building action will be facilitated.

This money will eventually be repaid by the State to the County.

It is understood that there is some \$50,000 in the two banks and that the State now owes some \$70,000 more or less, making a total of from \$100,000 to \$125,000 belonging to the County.

Under the new law, the State of Kentucky cannot build more than 300 miles of inter-county roads in one year and it will take from three to seven years to complete the inter-county roads. There is also a tendency to build first where there is no railroad, but the people of the State who pay the taxes are anxious that this section should be completed as it leads to and is near the south. With this feeling in mind and knowing what a boon this road will be to their community, it is no wonder that the Fiscal Court should have appeared to favor the lending of the money on hand.

The Commissioners will meet on June 14 to again discuss the question when it is hoped a definite and favorable decision will be arrived at.

DON'T DRINK COURT HOUSE WATER

Dr. A. H. Albright is sending away
a sample of the Court House well
water which is open to suspicion.
Last year it was known to be con-
taminated with sewage with which
the Public Square is soaked, and if
found to be in the same condition,
Dr. Albright, as City Health Officer,
will have the handle taken off the
pump until the well has been fixed.
He is of the opinion that the casing
has rotted and the sewage above
mentioned is seeping into the water
which is so freely drunk.

Dr. Albright states that the ma-
jority of the wells around town are
also open to suspicion, especially
where there are open privies.

A method insisted on by the Fed-
eral Government at a health resort,
was to put down the pipe and as it
was put down to pour cement at the
back of it. The water then was
freely pumped out and was found to
be pure.

The only pure water in town, ac-
cording to Dr. Albright, is the city
water from the mains.

G. W. Smith, of Wallseed, father
of Sawyer Smith, was here Tuesday
trying to trace a mule of his which
has been stolen. Description:—
Bright sorrel mule with mane, be-
tween 900 and 1000 pounds weight,
15 hands high, 7 years old, in good
condition, a white spot about the
size of a dollar under saddle. \$10
reward for recovery of mule and, if
stolen, \$50 for the man who took it
away. Advise either G. W. Smith,

Waste has little place in modern
industry.

America—the most profligate of
the countries of the world—is learn-
ing to cut its extravagance, at least
in industry.

How carefully work must be done
in tire and tube manufacturing will
be a revelation to motorists who may
read the following:

A gang of men in a callendering
machine at The Goodyear Tire and
Rubber Company recently broke all
records for perfect work and per-
centage of bad stock for the period
of a month.

In February this gang rolled 24,
450 yards of tube stock for inner
tubes—the most difficult of all cal-
lendering with but one and one-tenth
percent of bad stock. Another gang
had a percentage of 1.28 for the
month.

The records are amazing when it
is considered that tube stock must
be rolled almost to one thousandth
of an inch and inspectors will reject
it if there is any appreciable vari-
ation. —The Goodyear News Service

PUREBRED HOLSTEINS SHIPPED TO FULTON COUNTY

Five purebred bulls have been
distributed to the farmers in Ful-
ton County thru the organized ef-
forts of the County Agent working
with the bankers in that county.
These bulls are strictly first class be-

ers are on the market for two ear-
loads of Holstein cows. This means
Fulton County will have more and
better dairy cattle in the very near
future.

GETTING GOVERNMENT ON BUSINESS BASIS

The Senate has passed a joint re-
solution providing for the appoint-
ment of a joint committee on the re-
organization of the executive de-
partments of the Government. The
resolution was reported from the
Committee on Appropriations by Sen-
ator Reed Smoot, who introduced it.
As provided in the resolution the
committee would be composed of
three Senators, appointed by the Vice
President, and three Representatives
appointed by the Speaker of the
House. Its duty will be to make a
survey of the administration of the
various departments of the Govern-
ment to ascertain where there is du-
plication of work or authority and
to report to Congress where regroup-
ing of bureaus and departments may
be effected with saving to the Gov-
ernment. The committee would be
instructed to report by the middle of
December next year. In urging the
passage of the resolution Senator
Smoot stated that an amount of
waste and duplication existed in
every Government department that
the country could no longer afford.
A similar resolution was introduced
in the House by Madden of Illinois.

ness, Relieved by Cardui,
Says This Texas Lady.

Gonzales, Tex.—Mrs. Minnie Phil-
pot, of this place, writes: "Five years
ago I was taken with a pain in my
left side. It was right under my
left rib. It would commence with an
aching and extend up into my left
shoulder and on down into my back.
By that time the pain would be so
severe I would have to take to bed,
and suffered usually about three days
...I suffered this way for three years,
and got to be a mere skeleton and was
so weak I could hardly stand alone.
Was not able to go anywhere and had
to let my house work go. I suffered
awful with a pain in my back and I
had the headache all the time. I just
was unable to do a thing. My life
was a misery, my stomach got in an
awful condition, caused from taking
so much medicine. I suffered so much
pain. I had just about given up all
hopes of ever getting anything to help
me.

One day a Birthday Almanac was
thrown in my yard. After reading
its testimonials I decided to try Car-
dui, and am so thankful that I did,
for I began to improve when on the
second bottle. I am now a well
woman and feeling fine and the cure
has been permanent for it has been
two years since my awful bad health.
I will always praise and recommend
Cardui." Try Cardui today. B 78

I AM GLAD TO ENDORSE PE-RU-NA

Glad to Try Anything

"Three years ago my system was in a terribly run down condition and I was broken out all over my body. I began to be worried about my condition and I was glad to try anything which would relieve me. Peru-na was recommended to me as a fine blood remedy and tonic, and I soon found that it was worthy of praise. A few bottles changed my condition materially and in a short time I was all over my trouble. I owe my restoration to health and strength to Peru-na. I am glad to endorse it."

"What's behind Us —Living singer or NEW EDISON?"

Don't you want to try this fascinating test of the New Edison's realism,—which caused distinguished psychologists to ask in amazement: "What's behind us, living singer or New Edison?"

Come in and hear Mr. Edison's Realism Test. See what sensations you'll get,—and determine for yourself whether listening to the New Edison produces the same emotions as listening to the living singer.

The three distinguished men of art and science in the picture are Dr. W. V. Bingham, Director of the Department of Applied Psychology, Carnegie Institute of Technology; Prof. C. H. Farnsworth, Director of the Department of Music, Teachers' College, Columbia University, and Wilson Follett, Esq., noted author and music critic. They tried the Realism Test at the Edison Shop, New York. They found that it brought into play their whole capacity to feel and to enjoy. They got sensations that were vivid and unique.

The REALISM TEST

proved in this vital demonstration, before scientists of international repute, that it's an ideal way for you to judge the New Edison.

It tells you precisely how effective is the New Edison's realism,—and what this realism means in terms of your own musical enjoyment.

Please feel free to come in at any time, and make this unique experiment for yourself.

HOW TO BECOME A NURSE

Any woman with intelligence and "motherly" instinct can learn to be a practical nurse and earn from fifteen to twenty-five dollars a week. If you cannot spend three years in a hospital or are past the hospital age, study a common-sense book, called "Nursing in the Home," by Lee H. Smith, M. D. This book is written in a way that is easy to comprehend. It will teach you how to recognize different diseases; how to take temperature; how to take care of fever patients; how to give baths; all about the sick room. It treats of burns and scalds, broken limbs, bleeding from wounds (bandaging) drowning, fainting—almost every contingency is covered.

Many pages are devoted to Hygiene, Anatomy, Physiology and Medicine. It contains advice for mothers and tells how to care for infants.

This 500-page book, bound in handsome red cloth, is worth \$2.00 but for a limited time can be secured by sending fifty cents to the publishers, World's Medical Press, 652 Washington Street, Buffalo, N. Y.—Adv.

What's become of the prejudice against automobiles because they frightened the horses

NOW cars are everywhere. The horses have gotten used to them—and so has everybody else. Think of it! This year the American people will spend *nearly a billion dollars* on tires alone.

Tires are one of the *biggest items* on the car owner's bills.

Hardly a Saturday, when you motorists drop in to "tune up" for a Sunday trip, that one or more of you doesn't tell us something of value to our business. Sooner or later it comes back to you in *Service*.

Service is what the car owners of this community are looking for nowadays.

And especially the *small* car owners, who put service

first in figuring their motor-ing expenditures.

III

Just because a man has a moderate - price car is no reason why he should get any *less service* out of his tires.

We believe that the man with the small car is entitled to *just as good tire service* as the man with the big car—and both are entitled to the *best tire service* they can get.

That's why we represent U. S. Tires in this community.

And why more car owners—*large and small*—are coming to us every day for U. S. Tires.

IV

Come in and talk to us about tires. We're here to help you get the kind of tires you want.

Select your tires according to the roads they have to travel:
In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.
For ordinary country roads—The U. S. Chain or Usco.
For front wheels—The U. S. Plain.
For best results—everywhere—U. S. Royal Cords.

Ugly, Unsightly Pimples Are Signals of Bad Blood

Give Heed to the Warning.

Pimples on the face and other parts of the body are warnings from Nature that your blood is sluggish and impoverished. Sometimes they foretell eczema, boils, blisters, scaly eruptions and other skin disorders that burn like flames of fire. They mean that your blood needs S. S. S. to cleanse it of these accumulations that cause unlimited

trouble. This remedy is the greatest vegetable blood purifier known, and contains no minerals or chemicals to injure the most delicate skin. Get a bottle of S. S. Your Eyes Do More Than Earn Your Living

Your eyes earn your living—but they do more. They are more than "the windows of the soul;" they are the doors thru which nature sends her messages to the mind; they are the portals thru which enter the messages of life itself.

The eyes are your greatest source of comfort, of inspiration, of happiness. Without them—and their marvelous function of sight—man loses his most precious physical possession.

The Civic League thru churches and citizens generally is petitioning the City Council asking that Carnival Companies which are accompanied by side shows shall be debarred from Harboursville in the future. One that was here last year was accompanied by a man whose foul lips dropped profanely and words of double meaning at every breath and it is commonly known that a woman was fined when the last carnival was here. It is said that these concerns are already debarred from Corbin and other nearby towns.

These Tires Are a Revelation

The Brunswick is frankly a combination of the best in tire building.

There is one tread that's supreme beyond question. And that is now on Brunswicks.

There is one side-wall construction, which, by every test, holds the summit place for endurance. And that one was adopted for Brunswicks.

Fabrics differ — up to 30 per cent — in their strength tests. On Brunswicks the maximum long-fiber is the standard.

There are certain additions, each one expensive, which add vastly to tire mileage. The Brunswick embodies all these extras.

There are no patents, no secret formulas to prevent any maker from building the best. It is simply a question of knowledge and skill—cost plus care.

Brunswick standards are known the world over. The very name certifies an extraordinary tire. Yet Brunswicks cost no more than like-type tires.

Buy ONE Brunswick. It will prove that a better tire cannot be bought, regardless of price.

A Prominent Nurse Testifies

Covington, Ky.—"I have been
recommending Dr. Pierce's Favorite
Prescription to my patients
and friends for several
years, ever since it re-
stored me to perfect
health after a very
serious illness with
inward trouble.
In every
instance that I have known women to
take Dr. Pierce's Favorite Prescription
for feminine weakness, or if in
need of a special tonic during expect-
ancy, it has never failed in giving the
utmost satisfaction. It is a woman's
medicine that can be depended upon to
relieve nervous conditions, besides
building up and strengthening the
entire womanly organism. I shall
always praise Dr. Pierce's Favorite
Prescription most highly."—Mrs.
PATRIE ELLIOTT, 1413 Kendall St.

Favorite Prescription should have
the full confidence of every woman in
America because it contains no alco-
hol and no narcotic. Doctor Pierce
knew, when he first made this standard
medicine, that whisky and morphine
were injurious, and so he has always
kept them out of his remedies. Dr.
Pierce's Favorite Prescription can be
procured in all drug stores in either
fluid or tablet form.
Send 10 cents to Doctor Pierce's
Invalids' Hotel in Buffalo, N. Y., for

AGE SIXTY EIGHT GAINS TEN POUNDS

Feels He Owes it to His Neighbors
and Public To Tell What
Tanlac Did

"Tanlac has been such a great
help to me that I told my wife I
was coming down here and tell you
about it," said James W. Caswell,
when he called at Taylor-Isaacs drug
store in Louisville, Ky., the other
day.

Mr. Caswell, who lives at 324 W.
Brandies Street, Louisville, has been
employed by Mengel Brothers & Co.
for the past fifteen years and is high-
ly respected by all who know him.

"Why, do you know," added Mr.
Caswell, "I have actually gained ten
pounds in the past thirty days. This
strikes me as being remarkable, es-
pecially for one of my age as I am
now sixty-eight, and I feel that I owe
it to my neighbors and the people
generally to state publicly what Tan-
lac has done for me.

"For several months previous to
taking Tanlac I was in a badly run
down condition, my bones ached, I
felt weak and tired all the time, and
my nerves were so unsteady that I
could hardly drink my coffee without
spilling it out of the cup. I actually
dreaded to go to bed at night for I
would just fidget and squirm around
and found it next to impossible for
me to get to sleep, and I always
got up with that awful tired feel-
ing. I had no appetite and suffer-
ed a great deal from a sour up-set
stomach. I would bloat up so bad
at times that I could hardly fasten
my trousers around my waist. I never
felt like work and seemed to be
steadily going down hill all the
time.

"But it didn't take Tanlac very
long to rid me of those miserable
feelings and set me right again. By
the time my first bottle was gone I
was feeling like a different man. My
appetite is so ravenous that meal
time comes too slow for me now
and I can eat what I want and all I
want without feeling a touch of in-
digestion. My nerves have steadied
down and for the first time in a long
while I am able to sleep soundly.
Really my nerves are as steady as
when I was a boy and I am feeling
as well as I ever have in my life.
Tanlac is certainly an unusually fine
medicine and I want to do my part
in letting the people know about it."

Tanlac is sold in Barbourville at
the Cut-Rate Drug Co., in Artemus
by J. C. Haskin and in Permon by
N. J. Faulkner & Co.—Adv.

Mrs. Louis W. Benninghoff, of
Caddo, Texas, is here for the sum-
mer visiting her parents, Mr. and

hoff says since the oil wells of that
section are not holding up, the sit-
uation is becoming much quieter
and no new locations are being made.
Some of the wells are now giving
around fifteen barrels.

TESTIMONY

This Case Has a Hint for Many
Barbourville Readers

A Barbourville woman has used
Doan's Kidney Pills.
She has found them as represented.
She wishes her neighbors to know.
She publicly recommends them.
No need to look further for a
tested kidney remedy.

The proof of merit is here and can
be investigated.

Profit by the statement of Mrs.
Bertha Steele, Pittser St., who says:
"My back was so weak I could
hardly do anything. My ankles and
limbs became swollen and the ac-
tion of my kidneys was irregular. I
used Doan's Kidney Pills, procured
from the Costello Drug Co. and
they helped me, relieving the back-
aches and other symptoms of kid-
ney trouble."

Price 60c at all dealers. Don't
simply ask for a kidney remedy—
get Doan's Kidney Pills—the same
that Mrs. Steele had. Foster-Mil-

No man ever smoked a
better cigarette than Camel!

You'll find Camels unequalled by
any cigarette in the world at any
price because Camels combine
every feature that can make a
cigarette supreme!

Camels expert blend of choice
Turkish and choice Domestic
tobaccos puts Camels in a class by
themselves. Their smoothness
will appeal to you, and permit
you to smoke liberally without tir-
ing your taste!

Camels leave no unpleasant ciga-
retty aftertaste nor unpleasant
cigaretty odor!

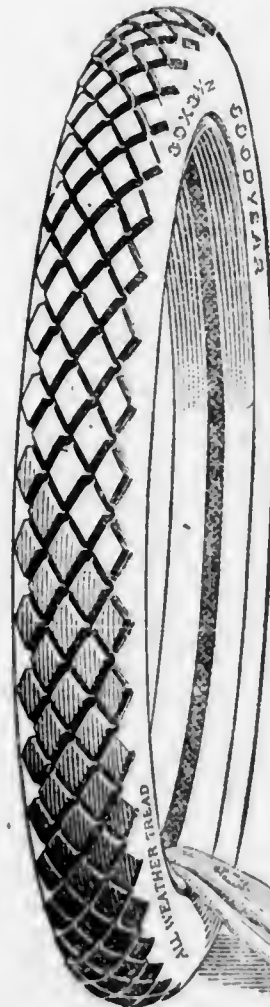

You'll prefer Camels blend to either
kind of tobacco smoked straight!

Camels are sold everywhere in scientifically sealed
packages of 20 cigarettes; or ten packages (200
cigarettes) in a glassine-paper-covered carton. We
strongly recommend this carton for the home or
office supply or when you travel.

Get Goodyear Tire Economy for That Smaller Car

Just as owners of the highest-priced auto-
mobiles get greater mileage and economy
out of Goodyear Tires, so can the owners
of smaller cars similarly enjoy Goodyear
advantages.

The 30x3-, 30x3½-, and 31x4-inch sizes of
Goodyear Tires are built to afford a money's
worth in performance and satisfaction which
only the utmost in experience, resources
and care can produce.

This extraordinary money's worth begins
not only with the merit of these tires, but
also with the first cost, which in most cases
is no greater, and sometimes actually is less,
than that of other makes of the same types
of tires.

Go to the nearest Goodyear Service Station
Dealer for Goodyear Tires for your Ford,
Chevrolet, Dort, Maxwell, or other cars taking
these sizes. He is ready to supply you Good-
year Heavy Tourist Tubes at the same time.
